HUMAN FEELING TO ACCEPT BRITISH OFFER, BELIEF

Mans Flight to North Pole

DURING ATTEMPT TO BE MADE IN SEPTEMBER TO CROSS ARCTIC IN PLANE

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 1.—Plans for an airplane flight to the North Pole and across the Arctic Zone from Alaska to Norway, to be attempted in September, were announced tonight by Edwin Fairfax Naulty of New York, a physicist, who has long been interested in Polar exploration and aviation. Mr. Naulty stated that the plans call for the use of only one airplane and an expeditionary party of four, which would include himself and three experienced pilots, all ex-service flyers, and that his son, Leslie Fairfax Naulty, who will be associated with him in the enterprise, is going to Europe to take care of plans for continuation of the flight from North Cape, via the Scandinavian capitals to London.

NEW ERA OF PEACE SEEN

Harding Speaks at Plymouth.

Say International Prospect Promising; Better Times at Home Ahead.

(BY A. P. NIGHT WIRE.)

PLYMOUTH (Mass.), Aug. 1.—Plymouth Rock, for three centuries a landmark of American freedom, was today the scene of President Harding's first public address since his inauguration. The President, who was accompanied by Mrs. Harding, arrived at Plymouth at 10:30 a. m. and was met by a large crowd of people. He then addressed the crowd, saying that the future of the world was in the hands of the people and that the United States was committed to a policy of peace and cooperation with all nations.

Mission of Peace.

With his tribute to the Pilgrims, Mr. Harding made an eloquent statement of the mission of the United States in the world. He said that the United States was committed to a policy of peace and cooperation with all nations, and that it was the duty of the American people to support this policy.

Heads Parade.

Earlier in the day he had headed and reviewed a parade of civic, military and naval organizations through the historic streets of Plymouth. The parade was one of the largest ever held in the city.

ANGELENO DIES IN FALL.

Capt. McCrae and Berkeley Man Killed in Unexplained Plane Crash.

LAWTON (Okla.) Aug. 1.—Capt. John M. McCrae of Los Angeles and Lieut. Francis Nunemacher of Berkeley, students officers at the aerial observation school at Fort Lawton, were killed this afternoon when their airplane crashed three miles west of Elgin. The cause of the accident is unknown. Capt. McCrae was married. A board of investigation has been appointed.

The two aviators left the aviation field early this morning for aerial gunnery practice, according to officers at Fort Lawton, and it was not until late in the day, when they failed to return, that a search was started. The wreckage of the plane was found at the north end of the reservation at the foot of Ranger Mountain.

Their bodies had been thrown about twelve feet from the plane by the impact, according to word from officers who investigated the accident.

Capt. McCrae's neck was broken and Lieut. Nunemacher's body was severely crushed. Both men were killed by the crash. The cause of the accident is being investigated.

**HARDING SEES
ERA OF PEACE.**

President Speaks at Plymouth
Tercentenary.

International Prospects More
Promising, He Says.

Scores Tendency to Turn to
Washington for Help.

(Continued from First Page.)

dent Coolidge, Senator Lodge, Mr. Gen. Edwards and Secretary Weeks. President Harding brought to the front personally the senior Senator from Massachusetts.

CUT OLD TIES.
Senator Lodge, in brief remarks, commented on the early Americanism of the Pilgrims, pointing out that once they had not been in the new country, they had not been from virtually all ties to the Old World and had begun to love America, notwithstanding it was a wilderness and to build for the future.

The crowd again and again demanded to hear the Vice-President and Mr. Coolidge also was escorted by the President to the speaker's place. He remarked that he spoke here last December and said he had nothing to add to the President's words today or to his references at that time to the meaning of the Pilgrims to this country.

In his address, President Harding said in part:

MOMENTOUS PERIOD.
"It is not too much to say that the three centuries which have passed since men of our race came here to found a new state have been the most momentous and the most pregnant in all the progress of human kind."

"To this and the Virginia shore were transplanted the seeds of representative democracy, the new ideals of nationality through association and representation, and there has developed seemingly the most dependable form of popular government ever witnessed in the world."

"Whether we reflect upon the restraints upon freedom which the fathers imposed, or measure the broader liberty under the law of today, here began the reign of a dependable public opinion, which unfailingly is the law of the highest civilization."

REARING NEW STANDARDS.
"No one will ever dispute the large part New England played in the rearing of new standards of freedom. The early struggles here were contemporaneous with the making of modern British constitutionalism and the New World became a common incentive and an inspiration across the sea, and today old world and new join in rejoicing at the ends achieved. The beginning of the American Revolution may fairly be traced back the larger part of a century from the date we commonly find for it, to the great town meeting in the Old South Church, to which was submitted the question whether the colony would assent to the charter reorganization that the King demanded."

"If the idea of religious freedom had little to hope for from the effort of the stern old fathers to set up a theocracy in New England, the ideal of political freedom found here a particularly fertile soil in which to germinate."

"The clash between a theocratic

WASHINGTON NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 1.—Without a dissenting vote the Senate agreed to the conference report on the Sweet bill for the relief of disabled veterans. The measure will be taken up in the House for final action tomorrow.

Administration officials said today that America would help starving Russia, unofficially, but that there would be no political character whatever to the aid and that the United States still regarded the soviet government as economically wrong and responsible for the progressive impoverishment of Russia, as predicted several months ago by Secretary of State Hughes.

A tax of \$10 annually on all automobile and truck owners was proposed by Secretary of the Treasury Mellon to the House Ways and Means Committee. The Secretary presented a complete program.

Manufacturers appeared in support of the American valuation plan at a hearing of the Senate Finance Committee. Importers are to have their lining in opposition to the scheme, as contained in the Fordney tariff bill, tomorrow.

Freight cars temporarily out of service because of business depression numbered 55,168 on July 23, according to the car service division of the American Railway Association.

Secretary Hughes is expecting word almost daily from the powers invited to participate in the disarmament conference as to the most acceptable date for the convocation.

tyranny on this side and a political tyranny on the other resulted in the destruction of both, to the vast detriment of every human interest involved.

"Hand of man alone did not build what was founded here; it was but the visible sign, the human symbol, of a purpose which we may not understand, but for whose beneficence all men must give tribute of praise and voice undying gratitude."

"The English-speaking race had hardly established itself in true character as the foremost exponent of liberal institutions when it began to distribute itself among the wilderness of the earth. It has carried its ideals wherever it has set its standard. It has won recognition of these ideals as the basis of social conduct, of community relations, throughout the world."

"Its work is not finished, but pray God, it has come triumphantly throughout its determining ordeal. It comes forth from that test, nerve and heartened for further tasks; confident, assured, reliant. None questions either its place or its right of leadership; few doubt its destiny to establish, under that divine guidance which it has ever recognized, the splendid structure of human brotherhood in peace and understanding."

"Just as the Pilgrims had a practical mind for material things amid effective pursuit of their higher ideals, so must we with our inheritance."

AMPLE AUTHORITY.
"Just as these fathers drew together toward ample authority to govern the nation and still preserve the freedom of those who compose it, so must we guard against the supreme centralization of power at home, and the superstate for the people, for just government is merely the guaranty to the people of the right and opportunity of that people to support themselves. The one outstanding danger of today is the danger of the central power of preservation and defense, let us preserve it, so."

"Here was the early dedication to religious liberty and political freedom. It was a sublime gift to posterity. We cannot better express

need immediately to sign to negotiate details of relief with the soviet government.

HOPE FOR LOAN.
RIGA, Aug. 1.—Russia considers it will be possible soon to realize a loan in France, Leonid Krasin, the soviet trade representative, today declared in an interview with the Riga News Agency here. He said he had already received several offers of credit abroad.

Krasin said the crop failure in Russia had compelled alterations in the plan of repaying abroad, and that at present the main attention was being devoted to buying foodstuffs and seed grain. He said the first loan, ordered abroad, would arrive in August.

TRADE FROM REDS.
While Russia is appealing for aid and accepting American and other foreign aid for her starving people, executive committees of the Third International today sent out from Moscow by radio an appeal to the soviet government to accept of England and America the desire to exchange a piece of bread for the opportunity of organizing counter-revolutions on Russian soil.

It is pointed out that the soviet government has already been organizing a plot, together with Rumania and Poland, to attack the soviet state at the opportunity of the soviet government to exchange a piece of bread for the opportunity of organizing counter-revolutions on Russian soil.

**FOUND BONES OF
ANCIENT INDIAN.**

(Continued from First Page.)

Ruins Which Antedate CHS
Dwellers Were Found in
Arizona Canyon.

(BY A. P. NIGHT WIRE.)
FLAOSTAFF (APRIS) Aug. 1.

Several Harvard University students recently found in the Ba-ti-ta-ka Indian ruins, near here a skeleton believed to be 4000 years old. The skeleton, said to be a well-preserved specimen, is thought to be that of a "post-battle-weaver" Indian who lived before the cliff dwellers.

The ruins are in a canyon cave, which affords them protection from the elements. There are about eighty houses in this ancient city, most of which are well preserved.

**SINN FEIN TO
ACCEPT PEACE.**

(Continued from First Page.)

Wednesday, presumably to confer at Downing street.

The other was a dispatch from Belfast dated last night, which expected "important developments in the Irish situation soon—but not in the near future."

The visit of Premier Craig to London, the first since he withdrew with his colleagues from the Downing street, may be charged with high potentialities.

CONFERENCE PROBABLE.
It is pointed out that while Sir James refused Edmund De Valera's recent invitations to confer over internal Irish affairs either in Dublin or Belfast, he has not refused to meet the Republican leader in London.

The prospect that arrangements for such a conference may be made, after Sir James' arrival in London is advanced as highly probable in some quarters.

No talking is given regarding the nature of the "important developments" expected soon by Ulster, but the phrase "but not in the near future" is interpreted as indicating that the Belfast government expects South Africa to be the first to offer as a basis for a final peace conference.

While the terms of the British offer have not been stated officially to the public, it is remembered that a copy of the document was sent by the Prime Minister to Sir James Craig the same day that the proposals were given to the Sinn Fein chiefs.

**PLANS FLIGHT
TO NORTH POLE.**

(Continued from First Page.)

At first it was his plan to head a squadron of three ships, but difficulty of carrying out one or more of the planes came to grief and the consequent necessity of carrying the weight of the crew, stores, fuel and oil to the surviving plane, caused abandonment of that plan.

The complete Polar air flight, according to Mr. Nauty's announcement, will be to Katok to Ketchikan to Anchorage to Nome; thence across to Point Barrow, and thence across the Arctic to North Cape, Norway, and thence by taxi-flight via Christiania and Stockholm to London.

The Arctic flight, which Mr. Nauty explained, would start from Point Barrow. From that point across the Arctic to the distance of 1800 nautical miles, will be regarded as the trans-Arctic flight. As the distance from Ketchikan, Alaska, to Point Barrow is 300 nautical miles, and from North Cape to London, approximately 1500 miles, and probably 100 miles would be spent in observation flying around the Pole, provided the plans succeed, the total distance covered by the flight from Ketchikan to London would be 6000 miles.

EXPLAINS CHOICE OF TIME.
"We plan to make the flight as early as possible," Mr. Nauty said, "and, strange as it may seem, do it in late September. There are good reasons for the choice of this time. Our flight speed we estimate will be about 100 miles an hour, to which might be added the speed of a following air current."

Fuel was conceded to be the chief problem of the proposed expedition. A supply ample for fifty hours of continuous flight will be carried, it was said, and those planning the attempt expressed the belief that this would furnish an excess which would permit short by-flights at the first place the ice was broken, and at the Pole itself. If no landing places are found, it is the intention to make the 1150-mile hop without a stop.

**Many Attend
Hermosa Beach
Civic Dinner.**

(EXCLUSIVE DISPATCH.)

HERMOSA BEACH, Aug. 1.—200 persons attended the civic dinner here tonight to start the week's campaign for membership of the Governor's Chamber of Commerce. Gov. Stephens was one of the speakers, telling of the importance of community life. The other speakers were President Weaver of the Los Angeles Chamber of Commerce; Charles F. Stern, vice-president of the First National Bank of Los Angeles; and the Los Angeles Trust and Savings Bank; Capt. C. H. Ralston; A. R. Holston and Russell M. MacLean, the Los Angeles Trust and Savings Bank; and Hugo Kerkhoffer in choral singing. The dinner was held in the hall of the First Bank of Hermosa.

**MINNESOTA BREWERY
SEIZED BY DRYS**

(BY A. P. NIGHT WIRE.)

MINNEAPOLIS, Aug. 1.—Federal prohibition agents today took possession of the St. Cloud Brewery, near St. Cloud, Minn., on the charge that it was manufacturing beer of alcoholic content less than 2 per cent, according to H. L. Duncan, assistant supervising Federal agent here.

**JAPAN SERIOUS
ON CONFERENCE.**

(Continued from First Page.)

failure may result unless precautions are taken that they seek at once to avoid or overcome the service possible pitfalls which they foresee in the conference.

FAILURE AT PARIS.
"The Japanese desire to avoid unfavorable situations, such as developed at the Peace Conference at Paris, where, for one reason and another, it was made to appear that the United States was pitted in diplomatic conflict with first one great power, then another, till by the time the Versailles Treaty was finally agreed upon practically all the powers were discredited in America."

"The Tokyo government now seeks to avoid it possible, even the appearance of conflict between American interests and policies. In the opinion of most Japanese statesmen there is no issue that should not and could not be settled, both amicably and speedily, and they on their part are willing to go more than half way to reach any compromise and agreement."

"There are naturally certain factors whose interest it has been and continues to be to develop discord between these two powers, and it is Japan's hope to prevent the success of their efforts."

"For some time Japan has been anxious to settle outstanding issues to the satisfaction of all parties alike."

STATUS OF YAP.
The three most important matters are the status of Yap, the concessions in Shantung and the presence of Japanese troops in Eastern Asia."

"The most difficult of these problems seems to be that of the concessions in Shantung, the present situation in Shantung was fixed by the Versailles Treaty, by that treaty Germany renounced in favor of Japan the lease of Kiaochow and those of her rights that respect the railway from the port of Tientsin to Kiaochow Bay, and the Tientsin-Kiaochow railway, the capital of Shantung."

"To maintain order and security in Kiaochow and also to protect the Tientsin-Kiaochow Railway from lawless elements that infest the region, the Japanese have maintained up to the present, military guard of not more than 3000 men in Tientsin and along the railway."

READY TO ACT.
"Japan has, however, repeatedly declared her readiness to return Kiaochow in full sovereignty to China, to withdraw all her troops stationed in Tientsin and along the railway zone, and to make that railway an effective joint Sino-Japanese undertaking."

"It is obviously impossible for Japan to give effect to that declaration until arrangements shall have been made between Japan and China, more especially with regard to the recognition of the rights of foreign nationals to reside and carry on trade in Kiaochow and other open ports in China; (2) to the organization and maintenance by China of adequate police forces, in lieu of Japanese military guards to take over the duty of policing in Kiaochow and in the railway zone; and (3) to the protection of the joint Sino-Japanese undertaking of the railway."

CHINA IS BLAMED.
"With a view to early conclusion of these needed arrangements Japan has more than once invited China to enter into negotiation. But the Chinese government, having regard to the instability of its own authority within the country, and hoping to see to the annulment of the Treaty of Versailles, has failed to make any definite decision in response to the invitation."

"With regard to Eastern Siberia, Japanese interests and Japanese subjects, established in that sparsely settled region as a result of treaty rights accorded by the former Russian government, have been given little or no protection since the rise of the Bolshevik regime. Many Japanese have suffered not only personal hardship and pecuniary losses, but actual assault and even massacre. Nevertheless, out of the three provinces of Eastern Siberia in which Japanese troops were originally stationed two provinces already have been completely evacuated."

"It is only in the southern frontier region of the maritime provinces, including Vladivostok, that these troops are still maintained. Yet it is the intention of Japan to withdraw her troops from this region also as soon as adequate provision is made for the protection of lives and property of Japanese residents and for the defense of the border of Korea."

MEASURE OF REPRISAL.
"The occupation by Japanese forces of certain points in Sakhalin stands on a different footing. It is a measure of reprisal for cruel tortures and massacres of more than 700 Japanese by Russians at Nikolaievsk in that province. It was, however, officially declared by the Japanese government that such military occupation would naturally cease upon adequate satisfaction being given to Japan by a lawful authority in Russia for the outrage perpetrated upon Japanese at Nikolaievsk."

"As to Yap, the question is actually under discussion between the American and Japanese governments, and there is every indication of an early settlement of the controversy satisfactory to all parties alike."

"Japan has nothing to lose by a policy of conciliation toward China and is anxious, therefore, to reach the United States, Great Britain and other interested powers the fullest and quickest accord that will determine and settle the status of the various foreign nations who have interests in that troubled country."

DISCUSS CONFERENCE DATE.
Determination of the date for the disarmament conference was understood today to rest largely in the foreign offices at London, Paris and Tokio. The diplomatic representatives of the invited powers have conferred at length with Secretary of State Hughes concerning the advisability of beginning the conference November 11, or upon some other date and have in turn referred the question to their respective governments. Until further instructions are received by the ambassadors, it is expected that no definite action will be taken.

Representatives of foreign governments have made it plain, however, that they regard determination of the agenda as far more important than the fixing of the date of meeting. They are understood to have reported in detail to their governments the desire of Secretary of State Hughes to leave the main body as much work as possible, but there is increasing evidence that Japan is not alone in her insistence that the scope of the conference be more clearly outlined before the formal sessions are begun. Although consideration of that

Los Angeles Times

(Continued from First Page.)

phase of the plans for the conference is not expected to give rise to further delay in issuing the formal invitations, it is believed that the ambassadors expect to receive from their home offices instructions as to the parts they shall assume in addition to or taking from the list of subjects that may be discussed.

While Japan has made it clear that there are subjects which she would discuss with unwillingness, if at all, there appears to be a growing conviction that unless some limitation is placed upon the number of subjects to be considered, the conference may be continued almost indefinitely. The chief object of Japan, it is understood, will be to drive to the front her right to expansion and in that connection, her claims in Siberia, Manchuria and perhaps other regions.

**NEW HARVEST WAGES
ADOPTED BY GROWERS.**

(EXCLUSIVE DISPATCH.)

FRESNO, Aug. 1.—With the adoption of a new contract system designed to secure uniformity in grape harvesting, the Valley Fruit Growers Association yesterday announced graduated wage scale for the picking of grapes and figs. The agreement between grower and picker or contractor covers individual jobs and is on the unit scale of 100 bearing vines, irrespective of the distance when planted.

The new scale on the above basis is as follows:
Seedling, 1 1/2 cents for 100 'rays to the unit and over 1 cent to 100; 1 1/2 cents, 100 to 400; 4 cents, 400 to 800; 4 1/2 cents, 800 to 1600; 5 cents, 1600 to 3200; 5 1/2 cents, 3200 to 4800; 6 cents, 4800 to 6400; 6 1/2 cents, 6400 to 8000; 7 cents, 8000 to 9600; 7 1/2 cents, 9600 to 11200; 8 cents, 11200 to 12800; 8 1/2 cents, 12800 to 14400; 9 cents, 14400 to 16000; 9 1/2 cents, 16000 to 17600; 10 cents, 17600 to 19200; 10 1/2 cents, 19200 to 20800; 11 cents, 20800 to 22400; 11 1/2 cents, 22400 to 24000; 12 cents, 24000 to 25600; 12 1/2 cents, 25600 to 27200; 13 cents, 27200 to 28800; 13 1/2 cents, 28800 to 30400; 14 cents, 30400 to 32000; 14 1/2 cents, 32000 to 33600; 15 cents, 33600 to 35200; 15 1/2 cents, 35200 to 36800; 16 cents, 36800 to 38400; 16 1/2 cents, 38400 to 40000; 17 cents, 40000 to 41600; 17 1/2 cents, 41600 to 43200; 18 cents, 43200 to 44800; 18 1/2 cents, 44800 to 46400; 19 cents, 46400 to 48000; 19 1/2 cents, 48000 to 49600; 20 cents, 49600 to 51200; 20 1/2 cents, 51200 to 52800; 21 cents, 52800 to 54400; 21 1/2 cents, 54400 to 56000; 22 cents, 56000 to 57600; 22 1/2 cents, 57600 to 59200; 23 cents, 59200 to 60800; 23 1/2 cents, 60800 to 62400; 24 cents, 62400 to 64000; 24 1/2 cents, 64000 to 65600; 25 cents, 65600 to 67200; 25 1/2 cents, 67200 to 68800; 26 cents, 68800 to 70400; 26 1/2 cents, 70400 to 72000; 27 cents, 72000 to 73600; 27 1/2 cents, 73600 to 75200; 28 cents, 75200 to 76800; 28 1/2 cents, 76800 to 78400; 29 cents, 78400 to 80000; 29 1/2 cents, 80000 to 81600; 30 cents, 81600 to 83200; 30 1/2 cents, 83200 to 84800; 31 cents, 84800 to 86400; 31 1/2 cents, 86400 to 88000; 32 cents, 88000 to 89600; 32 1/2 cents, 89600 to 91200; 33 cents, 91200 to 92800; 33 1/2 cents, 92800 to 94400; 34 cents, 94400 to 96000; 34 1/2 cents, 96000 to 97600; 35 cents, 97600 to 99200; 35 1/2 cents, 99200 to 100800; 36 cents, 100800 to 102400; 36 1/2 cents, 102400 to 104000; 37 cents, 104000 to 105600; 37 1/2 cents, 105600 to 107200; 38 cents, 107200 to 108800; 38 1/2 cents, 108800 to 110400; 39 cents, 110400 to 112000; 39 1/2 cents, 112000 to 113600; 40 cents, 113600 to 115200; 40 1/2 cents, 115200 to 116800; 41 cents, 116800 to 118400; 41 1/2 cents, 118400 to 120000; 42 cents, 120000 to 121600; 42 1/2 cents, 121600 to 123200; 43 cents, 123200 to 124800; 43 1/2 cents, 124800 to 126400; 44 cents, 126400 to 128000; 44 1/2 cents, 128000 to 129600; 45 cents, 129600 to 131200; 45 1/2 cents, 131200 to 132800; 46 cents, 132800 to 134400; 46 1/2 cents, 134400 to 136000; 47 cents, 136000 to 137600; 47 1/2 cents, 137600 to 139200; 48 cents, 139200 to 140800; 48 1/2 cents, 140800 to 142400; 49 cents, 142400 to 144000; 49 1/2 cents, 144000 to 145600; 50 cents, 145600 to 147200; 50 1/2 cents, 147200 to 148800; 51 cents, 148800 to 150400; 51 1/2 cents, 150400 to 152000; 52 cents, 152000 to 153600; 52 1/2 cents, 153600 to 155200; 53 cents, 155200 to 156800; 53 1/2 cents, 156800 to 158400; 54 cents, 158400 to 160000; 54 1/2 cents, 160000 to 161600; 55 cents, 161600 to 163200; 55 1/2 cents, 16320

RIVERS IN ARIZONA

ARE STILL FLOODING

PHOENIX FEAR OF INDIAN

CENT IRRIGATION WATER

NOW EXAMINATED.

(PHOENIX DISPATCH.)

PHOENIX, Aug. 1.—With

cooler weather the rains appear

to be over, but the rivers still

flooded. The Gila invaded the

part of Florence, threatened

new government dam, and is now

over the crest of the new

tunnel dam above Gila Bend.

The Pecos the Agua Fria and

Gila rivers have carried away

enormous quantities of bridge

both streams, east and west

Durham, on the main California

River, in which the dam is

being built, is in danger of

collapse. The loss of water for

irrigation is estimated at

thirty million gallons.

Thirty members of the

Arizona legislature called on

Campbell today to urge the

passage of a special legislative

session appropriation bill.

The legislature last spring

voted to spend \$1,000,000

for the construction of a

dam on the Colorado river

near Phoenix. The dam is

now under construction.

Senator Rife Penrose has

asked the governor to call

a special session of the

legislature to consider the

dam project. The governor

has called on the members of

the legislature to consider

the dam project. The governor

HARVARD —AND— YALE

Harvard's First Trip Friday

Refitted and beautifully furnished—just like her sister ship the YALE—the second big floating palace of the Los Angeles Steamship Company's Line, the HARVARD—will go into commission Friday afternoon, August 5th, at 3 o'clock. Reservations are already being made in large numbers for this maiden trip of the HARVARD to San Francisco. The initial run of the great white boat will be a gay event. Music—dancing—de luxe meals—an exhilarating 18 hours at sea. Beginning Friday the complete schedule of sailings between Los Angeles and San Francisco by the two luxurious twin super-steamships, YALE and HARVARD will be as follows:

From Los Angeles Every Day Except Saturday and Sunday
From San Francisco Every Day Except Sunday and Monday

Special round-trip rate, allowing 60-day return limit, including meals and berth **\$35**

EXTRA ADDED FEATURE—Take your automobile with you to San Francisco on the YALE. New special auto rate when accompanied by one or more passengers. Enjoy your car in San Francisco. Then return overland.

MELLON URGES TAX CHANGES.

Favors \$10 Levy on All Autos,
Three-Cent Postage.

Two Cents on Checks and
Added Charge on Tobacco.

Suggestion Meets With Bitter
Opposition in House.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 1.—A tax of two cents on bank checks, a flat license tax of \$10 on all automobiles, irrespective of cost or horsepower, an increase of first-class postage rates to three cents and an added levy on cigars, tobacco and cigarettes, are understood to have been presented today by Secretary Mellon to the House Ways and Means Committee, meeting in executive session.

Other suggestions were said to have included:

A reduction of 50 per cent in transportation taxes, both passenger and freight, next year, and their elimination the year following.

Repeal of the tax on soda-fountain drinks and ice cream.

Repeal of the excess-profits tax and the elimination of the \$2000 exemption on corporations' incomes.

Elimination of the normal income tax on corporations from the present 10 per cent to 20 per cent.

Elimination of the income surtax brackets above 40 per cent with the surtax rates on incomes ranging from \$5000 to \$10,000 increased.

RAISE \$4,000,000,000.

The revenue bill, as revised in accord with these suggestions, would be designed to raise approximately \$4,000,000,000 next year, it was said.

Mellon's memorandum embodying his views was withheld, but Chairman Fordney promised to make it public tomorrow.

Representative Garner of Texas, the ranking Democratic member of the committee, attacked the Treasury Secretary's proposals, declaring that every one of them constituted a shift of the burden from the classes to masses.

Mellon was said to have estimated government expenditures for next year at \$4,675,000,000, but Chairman Fordney said this was dependent on how much of the \$500,000,000 due to the railroad would have to be advanced from the Federal treasury; the cost of operating merchant fleet and the cost of expenditures for the Army and Navy.

ESTIMATED RECEIPTS.

Aside from internal taxes, the Treasury Secretary was understood to have estimated customs receipts for next year at \$450,000,000 and miscellaneous receipts, including salvage, at \$100,000,000.

He said to have figured that the \$10 license tax on automobiles would bring in \$100,000,000 and that added levy on cigars, tobacco and cigarettes an additional \$25,000,000.

Increased postal rates have been estimated to yield another \$75,000,000, but the estimate as to the income the proposed tax on bank checks was not disclosed.

The loss of revenue through reduction of the transportation taxes has been placed at approximately \$100,000,000.

OPPOSED BY FORDNEY.

After the committee had heard Mellon, Internal Revenue Commissioner Blair, Dr. E. T. Adams, treasury tax expert, and other financial officers of the government, Chairman Fordney reiterated his statement of last Saturday that he believed the nation's tax bill could be cut \$750,000,000 and the government run for \$4,000,000,000 a year.

Representative Garner said that government expenditures in excess of that sum next year will be a "wicked waste of public funds wholly indefensible."

He asserted that the Federal establishment could be run for \$2,500,000,000, adding that Representative Madden of Illinois, the new chairman of the Appropriations Committee, had declared in an address that this sum should be sufficient.

Before the committee heard the treasury experts, the Republican members were in conference with Madden for a discussion of expenses next year and more particularly the needs of the Shipping Board, the Army and the Navy.

Examination of the treasury officers concluded the committee's hearings on the revision measure and the Republican members plan to get to work tomorrow on a final draft of the bill. Chairman Fordney reiterated that the committee probably could not complete the measure under three weeks.

HOTEL LOST BY LACK OF WATER.

Alpine Hostelry Burns to the
Ground; Guests Flee With
Their Valuables.

(BY CABLE AND ASSOCIATED PRESS.)

GENEVA, Aug. 1.—Firemen, helpless for lack of water because of recent drought, watched the \$500,000 Grand Hotel, in the Alpine town of Villars, burn to the ground within an hour, early today. Two hundred and fifty guests tossed their valuables out of the windows and escaped in pajamas and night gowns.

KLAN DECLARED FREE OF BLAME IN SOUTH.

EXONERATED IN BEAUMONT;
SAVANNAH AFFAIR IS
CALLED JOKE.

The Beaumont (Tex.) branch of the Ku Klux Klan was found to be not guilty of the offenses charged against it, according to a statement made here yesterday by Capt. William S. Coburn, Supreme Attorney for the organization.

"I have a telegram from Atlanta denying that the Klan was mixed up in the doings at Beaumont," Capt. Coburn said. "The part of the telegram referring to that matter reads, 'We find our organization not guilty, Beaumont, Tex. incident.' The Klan's charter there has been restored."

Another crime charged against the organization he represents has been "cleared up," Capt. Coburn said. This was the Savannah case, in which a Californian was reported to have been told to get out of the Klan by Edward Young Clarke, Imperial Klansman, in a telegram reading:

"Savannah matter one of minor importance. Practical joke played by irresponsible parties. No seriousness now attached to it locally. Is a matter of the past and forgotten."

The man, Capt. Coburn said, is at home, safe and relieved of all charges. The Klan's plan to bring a suit against a Los Angeles newspaper for asserting that the Klan was connected with the Ku Klux Klan with the Texas outbreaks has not been abandoned, Capt. Coburn said.

(BY A. P. NIGHT WIRE.)

BIRMINGHAM (Ala.) Aug. 1.—Whipping of a man and woman here on July 23 by a masked mob was "one of the most outrageous crimes of the history of the state," Judge H. P. Hefflin said today in ordering the grand jury to "exhaust every legal means to punish the mob leaders. He characterized members of the mob as "criminals, who struck at the very foundation of liberty and law."

The investigation developed from the hogging of Mrs. Kate Alexander, a grocer, and C. E. Cooley, a butcher.

AUSTIN (Tex.) Aug. 1.—Gov. Neff in a message to the Legislature today submitted for consideration a law to prohibit "the operation of secret organizations, organized for the purpose of masking and disguising themselves and violating the laws of this State by inflicting punishment upon persons against whom, no legal claim exists, and who are innocent of any crime."

He said he did so at the request of forty-nine members of the House, who petitioned him last week.

WACO (Tex.) Aug. 1.—A local newspaper today received notice of the organization of McLennan (this) County Anti-Ku Klux Klan Association, Chapter No. 34, State of Texas. Warning to the Ku Klux Klan that three of their number would be "gotten" for every member of the anti-organization molested was contained in the announcement.

RECEIVER APPOINTED
FOR BANKRUPT BANK.

ILLINOIS LAW INTERPRETATION GIVES FRESH HOPE TO MANY DEPOSITORS.

(EXCLUSIVE DISPATCH.)

CHICAGO, Aug. 1.—Directors of the Michigan Avenue Trust Company, the bank wrecked by Warren G. Spurgin, its fugitive president, today filed a petition in bankruptcy and the Federal court appointed Hugh Y. Keane as receiver.

At the same time the Central Trust Company of Illinois was made receiver for the Warren Oil Company, one of Spurgin's concerns.

Prospects now are bright for depositors and it is believed the laws hold that directors and stockholders of a bank should keep themselves informed as to its operations and that they are responsible at all times for the acts of its officials. Inasmuch as the bank accepted deposits after it was certain it would fail the stockholders become liable under this law. It is estimated that it will require \$1,500,000 to fill the gap left by Spurgin, but the bank can readily be made a paying institution.

Fresh evidence came out today, showing that Spurgin was a high-stepper around the North Side cabarets. Miss Jeanette Bayer, a dancer at the Marjorie Gardens, told how Spurgin had sent her flowers and candy. "He had a thirst for mixed drinks, music, song and dance and was an all-around good fellow," said Miss Bayer.

Senate Resolution Adopted.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 1.—The House adopted today a Senate resolution authorizing appointment by the President of a commission to confer with the Canadian government or the provincial governments of Quebec, Ontario and New Brunswick as to certain restrictive orders in council of the three provinces relative to exportation of pulp wood to the United States.

Hot-Weather Diseases.

PLAN A CENSUS OF PRODUCTION.

Actual Output in Units to be
Determined.

Federal Bureau Study Will
Aid Industries.

Research to Include Motion
Picture Studios.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 1.—For the first time in the history of the United States the Federal government is planning to make a real production census. Heretofore the census in collecting data and tabulating figures on manufacturing has been content to give the totals in dollars and there never has been a way to get at the actual production in units. For instance, there has never been an accurate count of the number of pairs of shoes produced, although the total value of this product has been calculated to a cent. In the last few years the price of materials, labor and finished products has varied so greatly that comparative figures on output are impossible.

The law now provides that a biennial census of production shall be made. The last manufacturers' census was for 1919 and the new one will be for the year 1921, and, of course, will not be undertaken in detail until after the expiration of this calendar year.

DETERMINE MEAN POWER.

Nevertheless necessary preparations are now being made to place this count of commercial and factory output on the new basis of production so that hereafter actual output per man power in various lines can be measured accurately regardless of the total value of the product or the widest possible variation, both in the factors which enter into production or the product itself.

All the figures regarding prices and expenses will be continued as heretofore, but in addition the unit production figures will be of great assistance to the government as well as all engaged in industry, especially in connection with export trade and the control of marketing. No ever been compiled except in rare instances where this work has been done by one or more industries themselves.

PLAN GIVEN IMPETUS.

This new plan was given great impetus Friday of last week when leading manufacturers of the country met in Washington for the purpose of going over tentative plans. The gathering was addressed by Secretary of Commerce Hoover, and the intentions of the department were fully outlined as indicated above. If the census is able to secure all the production figures as planned the competition will be of tremendous value in the study of production costs and efficiency of methods as well as guiding the government and the producers against overproduction and excessive costs of operation.

Los Angeles will be vitally interested in the new census for it is the intention of the Census Bureau to include in this research an intensive study of motion-picture production. Heretofore full details of this industry have been eliminated from the census of manufacturers and much valuable data has been ignored in properly placing this industry at its proper value.

Hunger, the Best Sauce.

Sauce is used to create an appetite or relish for the food. The right way is to look to your digestion. When you have good digestion you are certain to relish your food. Chamberlain's Tablets improve the digestion, create a healthy appetite and cause a gentle movement of the bowels.—(Advertisement.)

at Less Than Cost!

This great sale, which opened yesterday morning, brought an immediate demand for these high-grade instruments—you'll have to hurry if you want to profit by the great savings now available—we're selling Sohmer Upright and Grand Pianos at less than they cost us!

The Sohmer Co. now requires that anyone selling the Sohmer piano must also sell the Sohmer player. This we will not do, as we think the Duo-Art is the greatest of all reproducing pianos—and it can be had only in the Steinway, Weber, Steck, Wheelock and Stroud pianos. Hence the Sohmer Agency has been transferred to another house. We are closing out our stock immediately. Terms even at these less-than-cost prices.

Reg. \$700 Uprights Closing Out at \$48875	Reg. \$750 Uprights Closing Out at \$52325
Reg. \$1250 Grands Closing Out at \$83950	Reg. \$1350 Grands Closing Out at \$87975
Reg. \$1650 Grands Closing Out at \$943

PRIZE FIGHTERS SELDOM COME BACK, BUT GOLFERS TURN TRICK FREQUENTLY.

By Walter C. Hagen.

At Columbia, during the recent open season, I was told that prize fighters seldom come back, but golfers turn the trick frequently.

But Jim did win, and it was possible. We boys who have been playing against the tall fellow in competition know that Jim is capable of winning an open and the mystery has always been in the fact that he didn't win long ago.

Some of them even lead at one stage or another, but the mere fact that he is at the top frightens him. Winning early in one's career is important and helps a lot in the matter of confidence.

I won my first title the second time I ever played in an open. Then just to show the queer things that can happen in this game, I was not among the leaders in the next try for the title. This was discouraging to me, because I had improved my game considerably and the winning figure was far above my mark in Chicago at Midlothian, where I won my first title.

The following year found me the same way, when Chick Evans won in Minneapolis. At Brainerd, the next year, I again got my game working, and with helpful breaks won the title once more.

Both Divorced.

TENNIS CLIMAX IN SEPTEMBER.

National Championship to be Played at Germantown.

America's Greatest Players Will be in Action.

England and Japan Also to be Well Represented.

NEW YORK, July 28.—With a wealth of tennis events that exceeds anything previously offered the American public scheduled this season, the attention being paid the Davis cup matches has served to increase rather than to lessen the interest in the approaching national championship.

This climax of the tennis season in the United States comes the week of September 9, when the historic tournament begins for the first time on the courts of the Germantown Cricket Club at Philadelphia.

It is easy to understand the eagerness with which this tournament is anticipated when it is realized that the championship will doubtless bring together the most representative entry that has ever been assembled on American courts.

Not only William T. Tilden, II, present champion, and William M. Johnston, former title holder, who at present share the honors of being the greatest team in the world, will be in action at Philadelphia, but there will also be seen the most famous players in the United States and many others from leading tennis nations of the world.

The British Isles team, which includes Maxwell Woodman, O. G. N.

DAILY TRADE TALK.

Bean Growers Find Comfort in New Tariff Bill to Offset Industry's Lean Years; Other Silver Linings.

BY CHAPIN HALL.

California bean growers have been among the chief sufferers from the readjustment period following conclusion of the war. Their market has been slower to re-establish itself than any of the other primary food products, and there have been times during the past two years when patience has lacked some of the virtues giving qualities with which it is accredited.

However, the bean men have weathered through, with the aid of a liberal credit policy, and are in a good technical position to take advantage of the upturning market—when it comes. Technical prosperity is a term too abstract to make much of a hit with the farmer who has several thousand sacks of beans stored in some warehouse "eating their heads off." If a somewhat doubtful simile may be permitted, but they are looking forward to a more complete resumption of foreign trade when the surplus should find a ready market at fair price.

In the meantime there is a weaker demand than ever, according to P. E. Harris, president of the P. E. Harris Company, one of the largest factors in the State. There appears to be three prime reasons for this condition:

(1.) Lack of export demand, due largely to chaotic foreign exchange and financing.
(2.) Four million military men who were in the Army or Navy during the war and ate so many beans during their period of service that they have so far refused to renew their acquaintances with that staple article of food. This means that at least 12,000,000 consumers still have a bean hangover.
(3.) The Eighteenth Amendment cut off at one fell swoop the free lunch, and as the free lunch was mostly beans this has also had an effect upon the market.

When the government suddenly stopped buying beans in the fall of 1918 after offering every encouragement to growers to produce at maximum it left the bean districts of the country, of which Southern California is one of the most important, surfeited with the product. This, followed by the collapse of the foreign market and free trade competition, accounts for the market conditions which have prevailed.

On the other hand the Fordney bill advances the tariff from 42 cents to 12 per hundredweight, a duty which should definitely discourage Manchurian competition. Already Michigan navy beans have advanced 75 cents a hundred weight and the California product will doubtless be similarly affected as the market rights itself.

The outlook for the lima bean grower is not so good. The Eastern demand is slight, and there is a carryover of from 50 to 60 per cent of last year's crop. Receipts of the new crop to be harvested in September and October will be fairly heavy as the planting was as high as 70 per cent of normal. The best Henderson-Bush limas are now bringing a pound a bushel, Van Nuys, the lowest price since the war period.

The tepary bean is a drug on the market, selling when it sells at all, around 1 1/2 cents a pound for chicken feed. The navy bean acreage planted this year is only 40 per cent of that of 1920, but there is a carryover of 80 per cent of last year's crop. This bean is quoted at 4 cents per pound, f.o.b. shipping point.

This year California growers have turned to the colored varieties, and a heavy crop of pink, red, Mexican, and kidney beans are expected. Consequently while pink beans are bringing 4 1/2 cents per pound, futures in the new crop are selling for as low as 4 1/4 cents per pound.

SILVER LINING.

The uniform predictions of better business conditions which are being voiced by trade papers and trade writers throughout the country are really based upon something more tangible than hopes and prophecies. For instance, railroad earnings are increasing. So is the building industry throughout the country. There is every indication of satisfactory crops. Banking shows a steady growth in strength and liquidity. Harding's disarmament conference is promising at least. The English coal strike is settled, and the Irish question is developing some signs of sane determination. The chief sore spots in Europe and Asia at the end of the month were those in Silesia and Turkey.

There are fresh signs of advancing business stabilization. Purchasing power is not decreasing. Export trade is gaining. Yes, there is plenty of reason for a display of constructive optimism.

SIX MONTHS' FINANCING.
Corporate financing in the first six months of 1921 showed a severe decline in comparison with the corresponding period of 1920.

BUSINESS NEWS.

The California State Safe-Deposit Association through its president, Brunson W. French, manager of the safe-deposit department of the Quatraro Trust and Savings Bank, has issued a booklet explaining the provisions of the amended California inheritance tax law, pertaining to safe-deposit boxes.

The new amendment, Section 11, becomes effective tomorrow, says Mr. French, and applies to storage and safe-keeping packages as well as safe-deposit boxes. It provides under the renter and deputy contract that access be restrained upon the death of either renter or deputy until such box is examined and released by a representative of the State Controller.

Under the corporation contract the law provides that upon the death of the State Controller or his representative, access is also to be restrained upon the death of either joint renter or co-tenant until such box is examined and released by the State Controller.

It is further provided in the same amendment that upon the rental of new boxes after Aug. 2, 1921, a written agreement must be signed by the renter, and the State Controller having right of access to such boxes to the effect that the bank shall be notified of the death of anyone having authority of access to such box, by the survivors, and that in such case entry shall not be expected until the State Controller or his representative shall have been examined and released the box.

BOND MARKET STRONGER.
There is evidence of a strengthening bond market. Recent issues have been snapped up at better prices than have prevailed for several months.

At the bond department of the Citizens National Bank, it was said for recently compiled statistics showing that the capital invested therein exceeds \$100,000,000 in the United States, and that more than 121,000 farmers devote all, or most, of their time to peanut cultivation.

Of the capital invested \$18,000,000 represents the land value, and the difference the aggregate of the amounts invested in implements, crushing and other mill machinery. The peanut yields peanut butter, oil, peanut meal, forage, storage, and a meal which is used in the process of making linoleum. Experiments are being made with a view to the use of the peanut in the production of dyes and a peanut milk for flavoring purposes.

This Utility Has Reliable Earning Power

The average yearly earnings of the San Diego Consolidated Gas and Electric Company from 1913 to date were over two and one-quarter times bond interest.

From this record you have strong assurance that the Company will pay interest on its First and Refunding 6% Gold Bonds.

Under the regulation of the Railroad Commission this utility has had healthy growth. It serves gas and electrical energy to San Diego and surrounding territory, an area of approximately 1000 square miles.

During the fifteen years from 1905 to 1920 the number of consumers increased 16 1/2 times.

The Company is efficiently managed and soundly financed. Its bonds are good investments for your funds.

Application will be made to have these bonds certified as legal investment for California Savings Banks. They are tax exempt in California.

If you have funds to invest it will pay you to investigate these good, sound bonds. Write, telephone or call at our office for full information.

Price 87 and interest to yield 7.30%.

By the Federal Census (1920)—212,000]

VOL. XL.

DEAL INVOLVES TWO MILLIONS.

Highway Store Takes Lease on Next Sixty Feet.

Plans Nine-Story Unit When Present Terms Expire.

Los Angeles Business Section Thoroughly Stabilized.

As important improvement for the city, the Los Angeles business section is being stabilized. The Highway Store, which has been in the city for some time, has taken a lease on the next sixty feet of the highway. This is a significant step in the development of the city's business district.

The Highway Store, which has been in the city for some time, has taken a lease on the next sixty feet of the highway. This is a significant step in the development of the city's business district.

REGIMENT OF GUARD ASSURED.

Name of New Organization Chosen in Honor of Local Unit That Went Overseas.

Organization of the Los Angeles unit of the National Guard has progressed to a point where the formation of a regiment, to be known as the One Hundred and Sixtieth Infantry, is now practically assured.

This became known yesterday when it was learned by The Times on good authority that Gov. Stephens is expected shortly to announce the appointments of a colonel and lieutenant-colonel to command the regiment.

The name of the new regiment is expected to be a big drawing card for the city, as the Los Angeles militia regiment which went overseas during the war was the One Hundred and Sixtieth, the Federalized Seventh.

While none of the officers in the Los Angeles unit of the National Guard has been reported made. The proposed regiment's present strength is sixteen companies. Eighteen are required by the Army regulations applying to the National Guard formation. The recruiting in the last few weeks has brought the total to where one of the two necessary companies is almost complete.

The lands comprise the buildings of the D. C. Aguirre, successor of a Spanish corporation. The titles date from the Spanish conquest. The lands have been exploited for sixty-five years with two cotton mills and two sugar mills in operation at present.

Although the appointment of the commanding officer and his lieutenant must come from the Governor, the Adjutant-General of the State handles such appointments. No official statement could be obtained last night to indicate who the Governor's choice will be.

Police Arrest Two and Seize Large Quantity of Red Literature.

MEXICAN GOAL FOR GERMAN.

Will Colonize Million Acres in State of Nayarit.

Are Pledged Protection by the Oregon Government.

Agent Also Inspecting Salt River, Imperial Lands.

Negotiations have been completed for an enterprise where by 1,000,000 acres in the Mexican State of Nayarit (formerly Territory of Tepic) will be colonized by Germans. Details of the deal, probably the biggest of its kind ever undertaken in the Americas, were disclosed here yesterday for the first time by Ludwig Tietzsch of Mannheim, Germany, sent to Mexico to negotiate the deal by a group of German business men of which he is the head.

The lands comprise the buildings of the D. C. Aguirre, successor of a Spanish corporation. The titles date from the Spanish conquest. The lands have been exploited for sixty-five years with two cotton mills and two sugar mills in operation at present.

Although the appointment of the commanding officer and his lieutenant must come from the Governor, the Adjutant-General of the State handles such appointments. No official statement could be obtained last night to indicate who the Governor's choice will be.

Police Arrest Two and Seize Large Quantity of Red Literature.

Robert Engdahl and W. I. Fruit were arrested last night by Officer Lind and Wainwright on charges of criminal syndicalism, and were placed in the City Jail. The titles of radical literature were found in their room at 1914 Palse Verdes street, the police said. Engdahl, who was at liberty on \$7500 bail under a charge similar to the one on which he was arrested last night, is the secretary of the International Fishermen's Union.

Investigates Here.

Mr. Tietzsch is here for the purpose of inspecting colonization schemes in this district. He has already been to the Salt River Valley and will see the Imperial Valley before returning to Mexico, where he will go directly to Tepic to work at 4 in the morning so I suppose we will have to get back before daylight.

BURBANK AGOG OVER DIVORCE.

Wife of Banker Names Maid and Assistant Cashier.

Bedroom Built Into Office Figures in Charges.

Husband Denies Charges and Says He Will Fight.

Turning the pitiless light of publicity on an affair has set citizens of Burbank by the ears for some time. Sarah Elizabeth Scribner yesterday filed suit in the Superior Court for divorce from Frederick Farnsworth Scribner, cashier of the Farmers and Merchants' National Bank of that city.

Her complaint mentions many names of well-known people and particularly charges illicit relationship between the part of Mr. Scribner with Edna Crane, assistant cashier of the bank, and also with a housemaid, Rosie Chicago, who is purported to have admitted the circumstances charged and to have been forthwith dismissed by Mrs. Scribner.

A bedroom which the defendant is said to have had built into the last figures largely in the charges of after-hour meetings there between the cashier and his fair assistant.

According to the complaint, Mr. and Mrs. Scribner were married in Toledo, O., Jan. 2, 1917. There are three children, age 12, 10 and 8 years, respectively, and the community property is said to be of a value in excess of \$100,000.

LETTERS QUOTED.

On July 1, 1913, the complaint says, Mr. Scribner induced his wife to leave her parents at Rock Ridge, O., and excerpts from letters which he is purported to have written to her and other persons are introduced and quoted in the complaint. These letters tell in suggestive and free terms of "joy rides" to Venice and other resorts and that names of well-known people are mentioned.

Miss Edna Crane, when asked regarding the case yesterday, said, "I am not prepared to make any statement whatever at this time. It is all news to me and I have nothing to say." Mr. Scribner could not be located.

SEEKS .. ARREST .. OF .. HUSBAND.

Foul Fancier's Wife Says Has Neither Home nor Food.

Mrs. Julia MacAlpine.

Judge Myers yesterday issued a bench warrant for the arrest of Reynolds P. MacAlpine, "wealthy" and "powerful" man, on the charge of failure to pay his wife, Julia MacAlpine, alimony of \$150 a month as ordered by the court.

Mrs. MacAlpine, a grand-daughter of Daniel O'Connell, the Irish statesman, whose marital battles have been chronicled in the history of the young lady.

"I had a good time at the beach and on a party last night," she said, "but I didn't forget to pay my bills. I am a good girl and I will pay my bills."

"I am a good girl and I will pay my bills."

"I am a good girl and I will pay my bills."

"I am a good girl and I will pay my bills."

"I am a good girl and I will pay my bills."

YOUNGEST "BANDIT" IN CAPTIVITY.

Fourteen-Year-Old Faces a Charge of Attacking and Robbing Newsboy.

The youngest prisoner ever charged with highway robbery by the local police was locked in Juvenile Hall late yesterday. The youth, who is only 14 years of age, gave his name as Austin Spangler and said that he lives at 650 Ellet Place.

Arresting officers stated that Spangler early last Sunday morning attacked and robbed Joe White, 12 years of age, a newsboy, and escaped with a bundle of newspapers and \$5 in cash. The attack was made at Bellview and Maitman streets.

From what the police were able to learn from the newsboy, who was injured by Spangler, the youthful highwayman was armed with a knife and struck him on the head without any warning. Spangler was arrested yesterday at his home and the police say that they can identify him as the bandit.

PLANS FOR FLEET ARE ANNOUNCED.

Pacific Force to Mobilize Next Month for Practice, Says Navy Department.

The program to be followed by the Pacific Fleet for the remainder of 1921 was announced yesterday by the Navy Department. Dispatches from Washington said the fleet will mobilize next month at San Francisco and proceed to San Diego for six weeks of tactical exercises.

The New Mexico, Tennessee, Idaho, Mississippi and possibly the Maryland, comprising the Division Eight, will leave Los Angeles Harbor on November 21 for San Francisco for "full power" tests. The division will remain in San Francisco until November 28, when it will go to Puget Sound, returning to San Francisco on December 13.

The destroyer squadrons and air force will be based at San Diego, the submarines and the Pacific fleet at Los Angeles Harbor and the mine forces at Pearl Harbor, Hawaii.

FIND BODY OF BABY ON ROAD.

Discovered in Suit Case With Can of Lye Beside It.

Torn Letter Leads Officers to Los Angeles Woman.

Relatives Deny Knowledge of Receptacle and Contents

A suit case containing the naked body of a 5-day-old baby boy was found yesterday afternoon, hidden in a clump of bushes near the Rincon Highway, near Ventura. The decomposed condition of the body indicated that it had been thrown from an automobile on the highway about ten days ago.

In the suit case, which was turned over to the Ventura police, were also found several articles of women's wearing apparel, a towel, a can of lye and fragments of a letter addressed to "M. Prizette, general delivery, Santa Barbara." One fragment of the letter gave the name "Sturgis, 6059 Hollywood Boulevard, Los Angeles" as the return address. The first name had been torn off. Contents of the letter indicated it had been sent from one sister to another.

Investigation by the Hollywood police at the Hollywood-Boulevard address revealed that Mrs. Lisette Sturgis, her brother-in-law, Frank H. Sturgis, her brother-in-law, and the brother stated his sister formerly conducted a restaurant in Hollywood, but she had left there about two weeks ago, when she visited her relatives in this city while en route to Oak Grove, San Diego county, to work on a government claim. The brother and brother-in-law said they could not explain the mystery of the dead babe.

The letter, which furnished the only tangible clue upon which the police have been able to work in their efforts to solve the mystery of the babe's death, was mailed to Miss Prizette by the sister, Mrs. Sturgis, on May 17. Several weeks after receiving the letter, the police were told, Miss Prizette traveled toward San Diego, passing through Los Angeles in an automobile.

Meanwhile, in this city, at Santa Barbara and at Ventura every effort is being made to connect up the threads of this mystery. This search extended late last night into San Diego county, where the police hope to locate Miss Prizette to question her regarding the finding of the letter, addressed to her, in the suit case.

An autopsy over the infant's body will be conducted in Ventura today.

ATTORNEY SUCCUMBS TO BURNS.

Victim of Gasoline Blast Caused by Back-fire of Automobile, Dies.

T. A. Williams, 44 years of age, an attorney living at 1218 South Wilton Place, died last night as a result of burns he suffered yesterday morning when gasoline that had leaked from his automobile exploded when he cranked the machine in the garage in the rear of his home. The attorney, screaming for help, rushed from the garage following the explosion and his flaming clothing was torn from his body by his wife. At the Receiving Hospital, to which Mr. Williams was rushed, Police Surgeon Dora stated that virtually the entire surface of his body was burned. He was removed to St. Vincent's Hospital.

From what the police were able to learn, a leaky gasoline feed pipe on the attorney's automobile had leaked a puddle of gasoline to collect beneath the machine. When Mr. Williams cranked the car the back-fire of the motor exploded the gasoline and hurled the burning oil on him.

The body was taken to the W. A. Brown undertaking establishment.

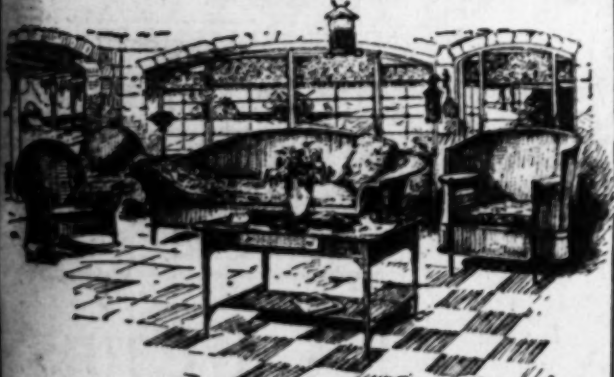

MANN CASE WRIT WON BY HOVLEY.

Capitalist, Serving Year in Jail, Victor in First Attack on Sentence.

A writ of mandamus was issued by the U. S. Circuit Court of Appeal at San Francisco yesterday against D. District Judge Bledsoe, ordering him to issue a writ of error in the case of Peter B. Hovley, Braxley capitalist, now serving a one-year sentence in the Orange county jail for violation of the Mann Act.

Hovley was also sentenced to pay a fine of \$1000. He paid the fine and then petitioned for a writ of error as the first step in filing an appeal with the higher court.

Judge Bledsoe held that as Hovley had paid his fine he had accomplished the judgment in part and could not appeal.

Decorated Reed Furniture

Never in the last four years have such values been shown in furnishings for living-room or porch as are found in this hand-decorated reed furniture.

Exquisitely fashioned, with graciousness in every curve and beauty in every detail—this furniture at the price we are now quoting is well worth buying and holding over for later use, if you are not yet ready to furnish your living-room.

We will hold your purchase for delivery at any time.

Convenient Investment Terms are Available.

THE TIMES CIRCULATION FOR JUNE, 1921.

OF CALIFORNIA, COUNTY OF LOS ANGELES.

I, J. H. MOORE, Manager of the Los Angeles Times, do hereby certify that the foregoing is a true and correct statement of the circulation of the Los Angeles Times for the month of June, 1921.

J. H. MOORE, Manager.

Decorated Reed Furniture

Never in the last four years have such values been shown in furnishings for living-room or porch as are found in this hand-decorated reed furniture.

Exquisitely fashioned, with graciousness in every curve and beauty in every detail—this furniture at the price we are now quoting is well worth buying and holding over for later use, if you are not yet ready to furnish your living-room.

We will hold your purchase for delivery at any time.

Convenient Investment Terms are Available.

BY DOROTHY DIX.

In Use

O'BRIEN ON JOB AS POSTMASTER.

H. Treat Named Chief of Public Works Board.

Check-up Shows Huge Value of Office Supplies.

May Be Used on Some Mail Employees.

Herick F. O'Brien, former president of the Board of Public Works, was named as postmaster here yesterday, succeeding Harrington Brown. O'Brien, incidentally, C. H. Treat, member of the board, was named president to fill the unexpired term of Mr. O'Brien. Mayor Cryer decided to appoint a third member of the board to fill the existing vacancy within a few days. O'Brien's predecessor, Mr. Brown, called at the postoffice during the morning, signed reports of the activities of the local office for the month closing Sunday night, and after wishing his successor good-bye left the building. Postmaster O'Brien was sworn in by Postoffice Inspector Cook, and then by William W. Treat, the only onlooker. The head of the new postmaster's office is \$200,000, and under the new plan he is to be paid the amount of the premium, amounting to \$200,000. The work of checking up the supplies at the office, that the new postmaster may have a clean bill, was completed last night. The aggregate of stamps, envelopes, and other supplies used in the business of the office, amounted to about \$2,000.

With the inauguration of Postmaster O'Brien, the question naturally arises, whether the axe is to be laid on the necks of employees in the office.

Assistant Postmaster Foster was named by Mr. O'Brien yesterday to be expected to stay and assist in putting the office into a state of the highest efficiency. Mr. Foster has been on the job almost four years, coming here from Washington, where he was at the head of the Bureau of Supplies in the Postoffice Department for sixteen years. It is understood that charges have been made against certain other employees, but what turn a supply might take, is as yet unknown. These charges are said to have been made by postoffice inspectors who made a report to the authorities in Washington, that resulted in the removal of Postmaster Brown. The nature of the charges is a sealed book.

QUESTIONS ANSWERED

Q: What can be done for a sore throat?
A: The following cooling lozenges are recommended: Weak carbolized acid or a solution of boric acid and bicarbonate of soda.
Q: What is meant by the expression "dining with Duke Humphrey"?
A: The middle class of old St. Paul's in London, where the tomb of Duke Humphrey is said to be, is called "Duke Humphrey's walk." The old saying "dining with Duke Humphrey" was in allusion to persons who walked there during the night.

Q: What can be done for a sore throat?

SANTA BARBARA IN ROTOGRAVURE.

Historic Landmarks of This Beautiful City to be Shown in "The Times."

Next Sunday's rotogravure section of The Times, will contain two pages of striking photographs showing the historic landmarks, palatial homes, splendid public buildings and famous hostilities of Santa Barbara and the beautiful suburb of Montecito.

These will be a full page of bathing beauties splashing in the sparkling waters of the Pacific. Peggy Hamilton's page of fashions will show the last word in the costume's art. There will also be a full page of photographs illustrating how the spirit of the Old West is being preserved on the great cattle ranches.

An interesting feature will be the markets of Los Angeles, showing that around these great structures, where are sold the fresh fruit and vegetables used by the city, there is rapidly developing an Old World atmosphere. Important current news events will also be here pictorially told.

TO SIGN PACT TODAY.

Agreement with Fontana Men for Garbage is Prepared.

Representatives of the Fontana syndicate, which obtained the approval of the City Council Saturday to enter into a ten-year contract for the disposal of city garbage, and of the Pacific Reduction Company, which will temporarily continue its agreement with the city, are expected today to execute contracts drawn up yesterday by City Attorney Stephens. This will be one of the last of the proceedings deciding the controversy which arose when the Whitman syndicate tried to carry out a plan to start a garbage-feeding hog farm near Baldwin Park. The successful bidders will feed the garbage to hogs on an 18,000-acre farm in San Bernardino county, beginning September 18.

HOUSING IS PRAISED.

Conditions in Citrus Belt Best in State, Declares Pomery.

WASTE OF ROAD FUNDS CHARGED.

Money Inefficiently Handled, Declares Auto Club.

Lists Asserted Mistakes of Highway Commission.

Audit of State Taxpayers' Association Quoted.

Inefficient handling of funds was added yesterday to the list of charges made against the California Highway Commission by the Automobile Club of Southern California in a statement which quotes from an independent audit of the State commission's books made by the Taxpayers' Association of California. The Automobile Club sets forth the following mistakes which it declares must be remedied to insure an adequate, efficient road-building program in the future:

(1) Persistence in road-construction policy that experience has demonstrated to be inadequate to such an extent that more than one-fourth of the State highway already need to be rebuilt and the remainder of the roads are shorter lived than the bonds that paid for them.

(2) Excessive construction costs in many instances.

(3) Piecemeal construction with failure to complete important trunk and lateral roads, thereby failing to meet the economic demands as originally intended by the State's highway program.

(4) Inconvenience, expense and accidents due to reconstruction, detours, faulty shoulders and crumbling pavement.

(5) Inefficient handling of funds.

HEAVY OVERHEAD.

"The commission's own records show," says the Automobile Club, "that out of a total of \$5,781,733.64 expended from the motor vehicle maintenance fund, only \$2,860,844.15 appears to have been spent for repair work. The report of the Federal Bureau of Public Roads shows overhead supervision and other indirect charges totalling

ACTION TAKEN ON PARADE BAN.

Council Committee Would Bar Downtown Spectacles.

Urges Law to Cut Fire Hazard and Protect Public.

Business Men and Chamber Official Back Plan.

Without a protest being voiced, the City Council Committee on Public Safety yesterday recommended that the City Attorney draw up an ordinance that will prohibit all parades in fire district No. 1, which includes the downtown retail and wholesale district.

This action was taken after strong appeals to eliminate the fire hazards caused by downtown parades had been made by Fire Chief Scott, George M. Babcock, manager and director of the Business Men's Co-operative Association, and J. L. Van Norman, chairman of the Chamber of Commerce safety and fire prevention committee. Similar opinions were expressed by Councilmen Conway, Mallard and Musher.

POINTS OUT DANGER.

The danger of permitting the traffic-paralyzing parades to move through the heart of the city was stridently brought to the committee's attention by Fire Chief Scott. He declared that on the night of the electrical parade held during the Grand Lodge reunion of the Elks, the fire department found it impossible to get fire apparatus to the scene of a fire call turned in from Fourth street and Broadway. In the resulting excitement caused by the appearance of three fire trucks, several persons were injured, he asserted, and the ambulance from the Rocking Hospital, only a few blocks distant, spent two hours reaching the scene and carrying the injured to the hospital.

Had the fire been serious virtually no help could have been given by the department in time to prevent great destruction of property, the fire chief said.

Mr. Babcock also spoke in favor of the proposed ordinance, saying that in his belief the downtown merchants also would favor the plan to eliminate the parades which not only tie up traffic and paralyze business, but also create such fire hazards.

Mr. Van Norman of the Chamber of Commerce asserted that the chamber has made no attempt to get an expression of opinion from its members, but that from a standpoint of public safety and fire hazard, the organization would approve of such regulations.

ALL-YEAR CAMPAIGN GIVEN AID.

Navigation Company Sends Unsolicited Check to Help Boost Southern California.

Seven new subscribers to the All-Year Club of Southern California were listed in the reports made yesterday. They include contributions and pledges from the Matson Navigation Company, Pratt-Lilly Fletcher Company, Gregory Perkins, Jr., Seely-Dale & Co., Allan MacMaster Company, Wade & Whelan and the Gwynn-Crown Insurance Agency.

J. C. Howard, who has been at work for several weeks, interesting the members of the local fire insurance firms in the All-Year Club, was responsible for the contributions from the insurance group, while the contribution of the Matson Navigation Company was forwarded without solicitation. A letter which accompanied the firm's check, says that the Matson Navigation Company wanted to have a part in helping the activities of the All-Year Club to advertise Southern California throughout the United States as a summer as well as a winter resort.

"There are many more business houses here in the city and in other sections of Southern California, who might well pattern after the Matson concern's example," said Drive Director Harry M. Haldeman. "We are believing that a number will follow this example as they learn of the results being accomplished by the club's advertising and as they vision what may be accomplished by a larger effort that their assistance will make possible."

Word was received yesterday from Lynn W. Ballard, executive secretary of the Long Beach Chamber of Commerce, stating that the committee appointed by the chamber there recently to raise the share of the all-year fund assigned to Long Beach, had taken up the work actively. The assistant of the Long Beach chamber will be, it was stated by the all-year executive committee, an important factor in the development of the three-year annual fund of \$100,000 for the advertising of the Southland.

A number of new all-year pledges are looked for today at the meeting of the executive committee, following its recess since last Friday. At this session, C. G. Milham, executive secretary of the club, will report that the direct returns from the advertising which started two weeks ago, now number more than 1100 requests for information.

WOMEN SOB AS GIRL IS FREED.

Erie Mulligan is Acquitted of Slaying Her Babe.

Smiles for First Time Since Beginning of Trial.

Walks to Liberty on Arm of Loyal Benefactress.

Erie Mulligan was found not guilty in the near-record time of exactly ten minutes by a jury in Judge Houser's court at 2:30 p.m. yesterday.

The pathetic little mother, who was charged with the murder of her age, unattended, at the long table, as the verdict was read by the clerk of the court.

Fearing a recurrence of the demonstration of a week ago when a motion was made to dismiss the case and the spectators applauded, the bailiff in stentorian tones announced: "By order of the court, any lady or gentleman making a demonstration as a result of the verdict in this case will be immediately arrested."

Silence prevailed as the jury filed in. Their verdict was clearly indicated by the broad smiles which practically all of them had as they took their seats. A gentle sigh of relief passed through the assemblage. Formalities concluded, Judge Houser immediately left the bench and then Mrs. Angela Kaufman, benefactress of Miss Mulligan, followed by half a dozen other women, crowded about the girl. Mrs. Kaufman kissed her and lifted her to her feet. She smiled—the first smile that had crossed her immovable countenance throughout the entire trial.

Many women wept and few people left the courtroom until after the girl passed down the center aisle to her freedom.

BUILD HUGE STADIUM.

Hollywood Legion Post Prepares for Boating Tournament.

Construction by Hollywood Post, American Legion, of a stadium to seat 4000, has started on the post's acreage adjoining Legion Hall, 1834 El Centro avenue. The spacious enclosure is to be the scene of a boating carnival, the 12th inst., the funds to be used for ex-service men.

This athletic tourney is endorsed by club women and ministers, it is said. James J. Jeffries and "Kid" McCoy will referee several events, and Dustin Farnum is slated to hold the megaphone. George Blake of the L.A.A.C., who instituted Army boxing during the war, will act on the advisory board.

Young Amnesia Victim Found at Wilmington.

An unidentified victim of amnesia, who was picked up in an unconscious condition on Canal avenue, Wilmington, at 1:30 a.m. yesterday, was revived after being worked on for three hours by several physicians at the harbor receiving hospital, but his mind is still a blank.

The victim is 23 years of age, and is rational in all respects, physicians say, excepting that his mind is a complete blank in regard to who he is or where he came from. The young man had nothing in his pockets to throw light on his identity. Officer John Redden found the man lying in the street and called an ambulance. After treatment at the harbor receiving hospital he was taken to the harbor police station, where efforts are being made to ascertain his identity. All that the man can remember is that he is 23 years of age.

WOMAN ARRAIGNED.

Mrs. Lundberg to Face Hearing on Sanity Thursday Morning.

Mrs. Edith Lundberg, who was acquitted of the murder of Linas P. Worden on last February 8, and arrested last Friday on an insanity charge, was arraigned at the County Hospital yesterday before Judge Weyl. Her hearing was set for Thursday morning. Attorney Justice is representing Mrs. Lundberg in the insanity proceedings.

The District Attorney takes the ground that Mrs. Lundberg, from the evidence before the jury that acquitted her of murder, is a menace to society and may develop homicidal tendencies. Her evidence at the trial for murder showed that on a number of occasions she prepared to take her life and, as she expressed it, "forgot it out." Attorney Justice's defense will be that she is sane now and not a menace to society.

SENTENCED TO PRISON ON FORGERY CHARGE.

John Brophy, accused of forging the name of R. L. Jennings to three checks for \$60, \$23, and \$15 on May 13, was sentenced to San Quentin for four months and four days on each count yesterday by Judge Connelley of the county court, sitting in Judge Weyl's court. The court denied a motion for a new trial, but granted a stay of execution of sentence until tomorrow, the defendant's attorney having given notice of an appeal.

It was charged that Brophy and James Reynolds forged the checks and cashed them at a Los Angeles hotel, where they were staying. Reynolds was sentenced to San Quentin on July 13.

Crash Injures Three Men and Wrecks Auto.

Three men were injured and two automobiles were wrecked yesterday as the result of a collision of the machines at Catalina street and Wilshire boulevard. One of the automobiles overturned three times. C. L. Cornell, 35 years of age, of 223 West Forty-second place, instructor at the Y.M.C.A.; C. E. Stromgren and Meyer Abrams, 35 years old, of 307 South Catalina street, the three men injured, were treated at the Receiving Hospital.

BEHIND IN ALIMONY, EX-WIFE CHARGE.

FORMER HUSBAND IS IN FINE HOME, SHE IN CROWDED FLAT, SHE SAYS.

Mrs. Edith Waldeck, who was recently awarded a divorce from Hugo Waldeck and the custody of their minor child, filed an affidavit in Judge Myers' court yesterday in which she stated Mr. Waldeck was in arrears for alimony. The count awarded Mrs. Waldeck \$75 a month when she was granted a divorce, and there is now due \$153.50 alimony, she says.

She wants to take the child north to an uncle, but if the alimony payments are made, she declared she will remain in Los Angeles, where Mr. Waldeck may see the child. Mr. Waldeck objected to Mrs. Waldeck taking the child from Los Angeles.

The affidavit, prepared by Attorney Martin Forrest, states that Mr. Waldeck lives with his mother in a large home and has the conveniences of several servants. Mrs. Waldeck says she is compelled, on the other hand, to share a small flat with a family of two women and a small boy to economize.

Mr. Waldeck has stated to her, she says, that he cannot care for their child. The court order requires, she sets up, that if Mr. Waldeck refuses to comply with the order she can go to San Francisco and be with her uncle.

In the absence of Judge Summerfield, who had granted the divorce, Judge Myers declined to hear the matter and it will come before Judge Summerfield upon his return from his vacation. Attorney Paul Lowenthal represents Mr. Waldeck.

LOTS AT ANAHEIM LANDING.

FOR OVER FIFTY YEARS ANAHEIM LANDING has been one of the most famous watering resorts in Southern California. The district, as it is known, is the most beautiful and healthful spot on the coast. For the first time in all that period, lots can now be purchased right on the bay. Famed mineral water, gas and electricity are being installed. Less than seventy-five lots are for sale. R. J. Richards, agent of the Landing, Pacific coast, Real Estate, Cal.

He "Comes To," Says Anxious to Prove Innocence.

Benjamin L. Cumbus, postmaster at Hahira, Ga., was ordered removed to that city by U. S. Commissioner Long yesterday to answer the charge of embezzling funds of the government. His bond was fixed at \$2000, which he was unable to furnish. Cumbus will not make a fight against his return to Georgia. He says he is anxious to prove his innocence of the charge that he took \$350 in cash and a book of postage money orders when he left Hahira on March 15 last.

Cumbus reported to Postoffice Inspector Cook ten days ago, saying that he was suffering from amnesia, and that he had just "come to," after having spent four nights on a bench in Pershing Square. He declared that his previous movements had been unknown to him, and that he had no recollection of what had happened since he left his home. He then said that his last remembrance of his surroundings was when he wrote a letter to the Postoffice Department, asking for a leave of absence.

SEEKS HIS LOST DOG.

The police yesterday were asked by A. G. McManus of the Regent Apartments to assist him in a search for his dog, Buntz, that disappeared on the night of June 26 from a garage in the rear of his home. Mr. McManus notified the police that he will pay a reward of \$25 for the recovery of the animal. Buntz is an 8-year-old, dark brown, female Collie, with a white breast and white feet.

Feed Baby Scientifically Produced Milk From Holstein Cows

It may solve your baby food problems for you. Holstein Cows' Milk will make a delicate, nervous baby over new, or it will make a healthy baby good-natured, rosy and solid-fleshed, because

1. The most delicate infant can readily digest and assimilate Certified Milk from Holstein Cows. It is perfectly balanced in its fat and protein (flesh-forming elements). The foremost physicians in infant feeding say this. Children of all ages, invalids, sick persons and the aged immediately show improvement on the liberal daily use of Certified Holstein Milk.

2. The wonderful vitality of the very large and robust Holstein cattle is transmitted through their milk directly to the consumer. You can't give your baby too much of Holstein vitality, if you want to get it started right.

This High Quality Milk is Served in the Leading Hotels, and Jersey for the Holstein to meet the demands of the leading specialists. Carnation Milk

"From Contented Cows"

Made at Gustine, California, in the largest condensery on the Pacific Coast and elsewhere.

Serve Children's Cereals with Carnation

Carnation Milk on breakfast cereals makes these healthful foods welcomed by children. Some people prefer to serve it conveniently from the can. For those who wish it diluted—with less butter fat for children—the following method is suggested: Heat water to boiling point, add Carnation in equal amount, cool, and serve. This also modifies the full flavor of Carnation which is due to its added richness.

A New Summer Dessert—Cafe Mousse

Mix well together 3 cups of Carnation Milk, 3 tablespoons of powdered sugar, 1 tablespoon of vanilla, and 1/4 cup of very strong coffee; chill thoroughly, then whip. Set the bowl in a pan of ice water while whipping; take off the froth as it rises. Turn the drained whip carefully into a mould, cover tightly, binding the edges with a strip of muslin dipped in melted butter, bury in ice and salt for freezing. Let stand for 1 hour, wipe off mould, and turn on serving dish.

CARNATION is the safe summer milk, because it can always be relied upon for purity, uniform high standard and keeping qualities. Diluted with water, it is excellent for drinking—pure and sweet. Used in cooking, it imparts flavor and wholesomeness to food because of its added richness. Carnation is the convenient and economical milk for every cooking and drinking purpose. Your grocer can supply you—in large and "baby" cans.

Send for Free Carnation Cook Book of 100 Tested Recipes. Carnation Milk Products Co. of Calif., 340 N. Main St., Los Angeles.

NEW JUDGES GO ON BENCH SOON.

Three Named by Governor
Await Commissions.

Prepare Courtrooms for Hahn,
Toland and McLucas.

Appointees Are Well-Known
Lawyers in County.

Appointed by Gov. Stephens yesterday to seats on the Superior Court bench of this county, Thomas O. Toland of this city; Victor R. McLucas of Santa Monica, and Edward F. Hahn of Pasadena, probably will take up their new duties within ten days, it was reported yesterday.

Their commissions are expected to arrive from Sacramento the latter part of the week, and they will then present themselves to Presiding Judge Shenk to be qualified and sworn in. The presiding judge said yesterday that the Board of Supervisors is preparing courtrooms for the three new judges in the old Courthouse.

Shenk announced last night that the new departments of the Superior Court, created by yesterday's appointments, will be No. 21, No. 22 and No. 23. Judge Walter J. Wood will take Department 21 and will no longer deal with divorce cases.

Judge Summerfield will occupy a new room, which is being fitted up in the old health office, and will deal only with divorces. His court will be Department No. 2.

One of the new judges will be assigned to the courtroom now occupied by Judge Summerfield. Judge Avery will be assigned to criminal cases indefinitely.

According to Judge Shenk there are plenty of courtrooms at present to accommodate the new judges, because several judges are taking their vacations. By the time the vacation period is over, September 12, the new quarters will be ready, he thinks.

Mr. Toland, who received the largest number of votes in the city list in the judge-preference poll, taken last week by the Los Angeles County Bar Association, has been a life-long Democrat. Coincidentally he was appointed to the bench exactly eleven years to a day from the time he came here to open a law office.

He is a graduate of the University of California, law department, and from 1888 to 1910 he practiced law in Ventura, coming from there to this city. In 1911 he was elected a member of the State Board of Equalization from the Fourth District, which he extended south from San Francisco. In 1916 he was defeated for Lieutenant-Governor on the Democratic ticket.

Mr. Toland is the second Democrat to be appointed on the Superior Court bench in this county by Gov. Stephens, the other being Judge Albert Lee Stephens, former City Attorney. In commenting upon this point yesterday, Mr. Toland said:

"The fact that I was first choice of the Bar Association in the city list, and was chosen by Gov. Stephens, convinces me that the Governor thoroughly agrees with the bar of this county that judgeships should be wholly nonpartisan."

WELL-KNOWN LAWYER.
Victor McLucas is one of the best known attorneys in Santa Monica. He served as City Attorney there and enjoys a wide acquaintance over the entire county.

Mr. Hahn four years ago was Republican nominee for Congress but was defeated by the Wilson landslide. He has been prominent in the Pasadena Bar Association and in civic affairs. He is a director of the Pasadena Tournament of Roses and of the Pasadena Y.M.C.A.

Mr. Hahn was born in 1878 in Chicago, coming to California when he was 12 years old. He was graduated from Pomona College in 1898. For many years he was a law partner of his brother, Benjamin W. Hahn, but recently has been in partnership with his son, Herbert Hahn.

In the war he was chairman of Draft Board No. 1 of Pasadena. County Clerk Lampton said last night that he probably will not name the clerk for the new judges before September 12, because the three judges in question are in new situations during the remainder of the vacation period for judges, and will not need their own clerks earlier than that date.

He has a list of applicants qualified by civil service examination, and is now trying out three likely candidates as student clerks in the regular departments. One of these is Hattie L. Mohrenbacher. If she receives one of the appointments she will be the second woman to serve as a clerk in the Superior Court of this county.

The first woman ever appointed to such a position is Miss Anna O'Keefe who is now clerk in Judge Crall's department.

LONG TIME WED; SEEKS DIVORCE.

Woman Married for Over
Thirty Years Charges
Death Threats.

After having been married thirty-four years, Mrs. Margaret Hayes yesterday filed a divorce action through Attorney A. L. Baldwin against John Hayes. The couple separated nine years and three months ago. The complaint is based on charges of extreme cruelty and purported threats to kill. There are four children—John Fleming Hayes, 31 years old; Florence Grace Hayes, 29; James Victor Hayes, 18, and Ruth Claire Hayes Hahn, 25.

WINS GIRL ON WAY TO WED OTHER

Coast Navigator Marries
Passenger on His Ship;
Rival Loses.

When the Pacific Mail Steamship Company's passenger liner Venezuela arrived at Los Angeles Harbor yesterday from Baltimore, via the Panama Canal, Carl Keller, well-known Pacific Coast navigator, was first officer of the liner, was missing from the bridge, and in his place was L. M. Read, who was taken on during the voyage.

Chief Officer Keller's absence was the result of an unusual romance and terminated in his marriage at Cristobal, Canal Zone, to a passenger on the vessel, Miss Sybil Lee Moore, aged 24 years, of San Francisco.

Miss Moore was en route to the Panama Canal to be married to another man, a childhood sweetheart. On the voyage to the canal, the chief officer of the liner and the pretty San Francisco miss fell in love.

When the liner docked at Cristobal, Miss Moore was asked to decide which of her two admirers she desired to marry. Without hesitation she selected Mr. Keller. The result was that the pair were married at once by a minister at Cristobal.

One of the rules of the Pacific Mail Steamship Company prevents ship's officers from being accompanied on voyages by their wives, and Mr. Keller was forced to leave the liner at the canal. On account of the shortage of passenger accommodations on vessels coming up the coast, the newlyweds were unable to secure passage on the same vessel. The bride sailed for San Francisco first on the steamer San Juan, the groom following several days later on the Albatross.

After a belated honeymoon following the reunion of the pair at San Francisco, Mr. Keller expects to take another vessel of the Pacific Mail Steamship Company.

PRISONER TRIES TO END LIFE.

Wife Fails to Visit Man in
Jail and He Cuts Own
Throat With Razor.

Despondent because of a sixty-day jail sentence with over a month to run, and because his wife failed to visit him yesterday, a man known to the police as Frank Stewart, 39 years of age, yesterday attempted to end his life in the Boyle Heights Police Station by slashing his throat with a razor. At the Receiving Hospital, where the prisoner was taken, police surgeons stated that he will recover and ordered him removed to the County Hospital.

Stewart, who admitted to the police that the name given by him is an alias, was sentenced to sixty days in the City Jail more than a week ago on a battery charge. Last week he was sent to the Boyle Heights Police Station as a trustee. Yesterday, according to the police, Stewart was expecting a visit from his wife, who lives at Los Angeles Harbor, and until a late hour yesterday afternoon waited for her in the front office of the police station. She failed to arrive.

Locking himself in a rear cell, Stewart slashed his throat several times with a razor and then lay down on the jail cot to die. Attracted by the prisoner's groans the police on duty in the branch station unlocked the door of the cell with another key and rushed the unconscious prisoner to the Receiving Hospital.

Will Stiffen Requirements at Occidental.

Members of the board of trustees of Occidental College are planning an informal reception for Dr. Remsen DuBots Bird, new president of the institution, who is expected to arrive from San Francisco Thursday. He and Mrs. Bird will be met at the station by the board and many members of the college faculty.

Dr. Bird comes here from the San Francisco Theological Seminary, where he has been a member of the faculty for several years. He is one of the youngest of the more prominent Pacific Coast educators, and it is reported that he plans to stiffen the entrance requirements at Occidental as a part of his plan for increasing the scholastic standing of the college.

According to reports, registrations for next year are about to close. A large attendance is assured, it is said, and many have been refused admission because their credentials were not of the highest.

Bible Institute Bequest Called Outside of Law

The will of George W. Shires, who died June 12, 1919, leaving more than \$40,000 to the Bible House and Bible Institute, is to be contested by Theodore Allen, son of the late Isabelle Allen, who was a sister of the deceased.

Judge Rives yesterday issued an order of court to the executor, Augustus B. Frichard, and James B. McLaughlin, and to the chief beneficiary, the Bible House and Bible Institute, to appear in Department 2 this morning and show cause why Mr. Allen's petition to set aside and annul all former proceedings of the probate should not be granted.

Mr. Allen contests the ground that the will left more than one-third of the property, amounting to \$74,670.31, for charitable purposes and that the disposition is in violation of the California law.

The document left \$1000 each to Elizabeth Brown, Mary Louise Peaslee and Augustus B. Frichard and all the balance to charity.

DATE SET FOR CASE OF LESSING WOMAN.

Mary Leming, so-called leader of a love cult, charged with being insane, was arraigned before Judge Weir at the County Hospital yesterday, and her hearing set for next Monday. She has retained Attorney Robert Loucks and intends to fight the case. It is thought probable that Mr. Loucks will ask for a writ of habeas corpus.

Cheryl Louise Maids Leming, as she is known, was taken into custody recently in Glendale Park, at a place known as Mount Helion.

Chief Officer Keller's absence was the result of an unusual romance and terminated in his marriage at Cristobal, Canal Zone, to a passenger on the vessel, Miss Sybil Lee Moore, aged 24 years, of San Francisco.

When the liner docked at Cristobal, Miss Moore was asked to decide which of her two admirers she desired to marry. Without hesitation she selected Mr. Keller. The result was that the pair were married at once by a minister at Cristobal.

One of the rules of the Pacific Mail Steamship Company prevents ship's officers from being accompanied on voyages by their wives, and Mr. Keller was forced to leave the liner at the canal. On account of the shortage of passenger accommodations on vessels coming up the coast, the newlyweds were unable to secure passage on the same vessel. The bride sailed for San Francisco first on the steamer San Juan, the groom following several days later on the Albatross.

After a belated honeymoon following the reunion of the pair at San Francisco, Mr. Keller expects to take another vessel of the Pacific Mail Steamship Company.

Despondent because of a sixty-day jail sentence with over a month to run, and because his wife failed to visit him yesterday, a man known to the police as Frank Stewart, 39 years of age, yesterday attempted to end his life in the Boyle Heights Police Station by slashing his throat with a razor. At the Receiving Hospital, where the prisoner was taken, police surgeons stated that he will recover and ordered him removed to the County Hospital.

Locking himself in a rear cell, Stewart slashed his throat several times with a razor and then lay down on the jail cot to die. Attracted by the prisoner's groans the police on duty in the branch station unlocked the door of the cell with another key and rushed the unconscious prisoner to the Receiving Hospital.

Members of the board of trustees of Occidental College are planning an informal reception for Dr. Remsen DuBots Bird, new president of the institution, who is expected to arrive from San Francisco Thursday. He and Mrs. Bird will be met at the station by the board and many members of the college faculty.

Dr. Bird comes here from the San Francisco Theological Seminary, where he has been a member of the faculty for several years. He is one of the youngest of the more prominent Pacific Coast educators, and it is reported that he plans to stiffen the entrance requirements at Occidental as a part of his plan for increasing the scholastic standing of the college.

According to reports, registrations for next year are about to close. A large attendance is assured, it is said, and many have been refused admission because their credentials were not of the highest.

The college board is erecting for President and Mrs. Bird a new residence on a beautiful site overlooking the college campus.

Court Orders Return of Tot to Its Mother.

Piquant Louise West was in Judge Myers' court yesterday seeking to recover the custody of her child. She declared that her husband, Frank West, took the child to New York. On the other hand he asserted that his wife left him. He also charged her with slapping the child and letting it run in the streets. She denied this and also that she had said:

"I will have nothing to do with the Wests. To him—with them." She also denied that her mother-in-law asked her to return home for the sake of the baby.

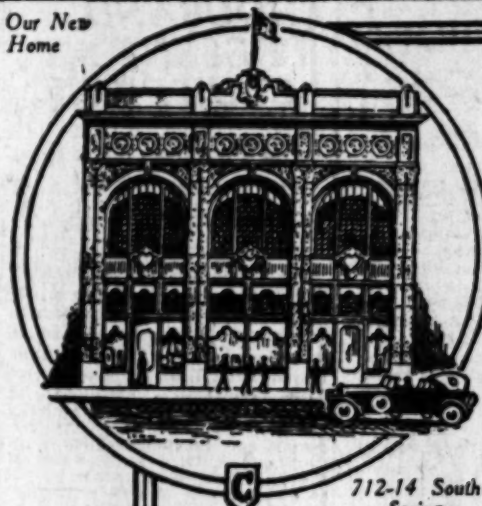

Judge Myers placed the baby in the custody of the mother and directed Mr. West to return it within thirty days.

MUST PAY PENALTY.

The following judgments were imposed yesterday by U. S. District Judge Trippett, in cases where violations of the national prohibition law were confessed by the accused:

C. M. Nelson, a fine of \$700; Felipe Morelan, \$350; V. Mancoske, \$200; Floyd Miller, \$50; William Stratton, thirty-five days in the Orange County Jail. In all sentences where a money fine was imposed it was the order of the court that the defendant should be imprisoned in the Orange County Jail until the fines assessed were met.

According to custom, they will serve thirty days and then take the pauper's oath, this operating as a release.

"FINDERS, KEEPERS"

It was a good game we played as boys. So we keep on playing it—as grownups. Discovery gives priority of right to possession—all through life.

The man seeking a location for his expanding business lets no grass grow under his feet when he finds the place he wants. He knows the rule: "Finders, Keepers." Likewise, he overlooks no "bet" or chance—to make sure of "finding" what he seeks.

We Are "Finders"—
You May Be "Keepers"

It is our business to know what business properties are for sale or lease. Also what persons or firms are seeking locations. We are "Finders." We know our city. We have spent the last fifteen years here, as a team. We have specialized in downtown properties.

You seek a location? Come, let's discuss it. We very likely have already found what you want and you might waste valuable time hunting for it only to discover too late that some other seeker had found it and become a "keeper."

We have some desirable lots, stores, shops and a few entire buildings that may be leased for long periods at attractive terms right now.

SAYS HIS BOOZE WAS FOR STARS.

Arrested Man Names Dozen of Cinema Headliners.

Former Mayor of Bay City is Listed in Statement.

Fourteen Quarts Wanted for a "Special Occasion."

A dozen cinema stars of national reputation and a former Mayor of San Francisco were mentioned by Fred McCoy in connection with the story of a liquor smuggling plot which McCoy unfolded to Customs Agent Green after he had been arrested between Tijuana and San Diego in an automobile in which fourteen quarts of liquor were found. McCoy's tale of rum-running also mentioned a well-organized smuggling ring, the members of which meet every night at the U. S. Grant Hotel in San Diego, he said, according to information given out here yesterday by Asst. U. S. Atty. Green. McCoy became nervous after his arrest. Federal officials say, and for a time threatened to "spill the beans" in great detail, but he finally got into touch with Ben Cohen, well-known in the motion-picture world here, and Mr. Cohen soon appeared at the jail with a well-dressed, handsome woman, who put up \$1000 as bail bond for the arrested man.

Why Sunburn?

FRECKLE-OFF

—won't let you burn if you use it before going in sun, wind or sea

Ask for FRECKLE-OFF. Be sure you get the jar with a silver label. Don't let them give you "something just as good"—it doesn't exist.

By mail, large jar, \$1, from FRECKLE-OFF CO., 924 Black Bldg., Los Angeles.

FORCED TO REPAY LOOT.

Although A. F. Shafer, convicted of defrauding his sweetheart, Orville Nash, while she was ill and not expected to live, of about \$3000 in cash and jewelry, was released on probation yesterday by Judge Reese, the terms of his release carried such a sting that they made him wince.

Shafer was released for ten years providing he pay at once \$1252.50 in cash to Miss Nash; that he give her a note, secured by his mother, for \$2000, and begin paying on an existing, unsecured note for \$2000 at the rate of \$50 a month. Shafer must report to the Probation Officer twice a week for a year and must not leave the county unless given permission by the Probation Officer of the court.

The money was paid and the note handed to Miss Nash before the defendant left the courtroom.

"In all my experience as a judge," said the court, "I have never threatened a man, woman or child, but I have seen the results of such threats."

ing to information given out here yesterday by Asst. U. S. Atty. Green. McCoy became nervous after his arrest. Federal officials say, and for a time threatened to "spill the beans" in great detail, but he finally got into touch with Ben Cohen, well-known in the motion-picture world here, and Mr. Cohen soon appeared at the jail with a well-dressed, handsome woman, who put up \$1000 as bail bond for the arrested man.

According to the statements of McCoy, San Diego was the rendezvous for the party, and nightly meetings were held to plan wholesale importations across the border. McCoy promised to come to Los Angeles and give the local Federal authorities further details about the traffic.

The report of the customs inspector shows that the machine seized was a seven-passenger car, containing three tanks of liquor, one behind the cushion on the back seat, a second under the front seat and a third under the running board.

McCoy stated, according to the report, that the smugglers did not ordinarily bring across such a small quantity of liquor, but that this was wanted for a special occasion of some sort.

CONVICTED AS "FENCE."

Joseph Newman was found guilty yesterday by a jury in Judge Conley's court on a charge of receiving stolen property. He was accused of receiving a diamond ring valued at \$1200 and a gold chain valued at \$12, all property of Benjamin Irvine. The defendant applied for probation and will be given a hearing on the 10th inst.

CITY'S BOULDER DAM PLAN HIT.

San Diego Council Advocates Government Control.

Power Conference to be Held in Los Angeles Today.

Action in South Taken Despite Appeal for Hearing.

Advocates of the Los Angeles project for the development of Boulder Canyon, Colorado River, for hydro-electric power yesterday received a setback at San Diego, where the City Council adopted a resolution urging that the dam be built and controlled by the Federal government. This action, which was taken despite the request from Los Angeles that a representative from here be heard before definite decision was made, came on the eve of an important conference to be held here today by officials and interested persons of three States.

Notice of the conference was received yesterday by the city officials from J. G. Scruggs, State Engineer of Nevada. The Boulder Canyon project will be discussed at the meeting, which will be attended by State Water Commissioner Norvell of Arizona and representatives of Imperial Valley interests. The communication asking for an appointment to meet city officials was dated July 28, and it is expected the Mayor, President Robertson of the Department of Public Service and other officials will attend.

TO HOLD MEETING. When the Boulder Canyon project came before the San Diego City Council yesterday, the members agreed that the matter needed immediate action and they also agreed that a representative of Los Angeles be heard, if this city so desires. At the suggestion of Mayor John L. Bacon it was decided that the Imperial Valley interests be notified of the Los Angeles request and that a joint meeting be held. City Attorney Higgins was instructed to arrange a meeting at a time suitable to all concerned.

The resolution adopted by the Council was directed to Secretary of the Interior Fall. It urges that the United States, through the Reclamation Service, carry on and complete the work of constructing the Boulder Canyon dam. It also requests that no private corporation or interests, individuals or city, be given any preference right in either the water to be stored or the power to be developed and asks that the work be carried on for the benefit of all persons living in the Southwest.

MESSAGE ON MEETING. The exact nature of the power conference to be held here today has not been disclosed, but the following message has been received by The Times from Gov. Boyle of Nevada:

"MIRACLE MAN" AT VENICE.

"Brother Isaiah" Cudney, the "Miracle Man," on the platform erected for him by the Kinney Company on the sands just to the north of the bath-house in Venice, yesterday afternoon resumed his efforts at healing before a crowd of less than 1000 people. Starting at 4:10 p. m., he gave his attention, following an exhortation and the recitation of a poem of his own, to nine persons, who were anointed, talked to, touched and in various ways "treated."

Owing to failure to start early in the day as had been announced, he lost the attendance of large groups of people who gathered before noon on the sand to watch for his arrival. Many of these left before he reached the beach.

Mrs. E. R. Farley, his sponsor and chief aid on "Miracle Hill," was on the rough board platform with him, holding his bottle of ointment, the contents of which are used in his treatments. At the conclusion of his meeting last night the "healer" and his immediate aides returned to the ten-room house which has been placed at their disposal so long as the so-called "Miracle Man" can draw crowds to the resort.

In response to an inquiry as to whether he would attend "Following arrangements made by me with Gov. Campbell of Arizona, State Engineer Scruggs has gone to Los Angeles to meet Water Commissioner Norvell of that State and to ascertain if possible whether Los Angeles officials are definitely committed to the unpublished plan of contract in Boulder Canyon which has been tentatively negotiated by them with the Reclamation Service."

From El Centro it was learned that the irrigation district directors expect to be present at the conference. Whether the Southern California Edison Company officials also will attend the meeting was not positively known, although it was presumed that the company will be represented, inasmuch as the Los Angeles project for the development of the Boulder Canyon district and that of the company for development in the same region are at variance.

Chief Engineer Mulholland declared yesterday that he does not know to what the "unpublished plan of contract" mentioned by Gov. Boyle can refer, unless it alludes to the Davis report made by the Reclamation Service, and now before Secretary Fall for action.

Declares Work of Resolves Nothing Censure in Europe

Sort of Peace Obtain Than War, Contain People Feel

IN A. P. NEWS WIRE

WILLIAMSTOWN (N. S. W.)—The seeds of future war are sown in Europe by the new and findings of the conference, Vienna, July 28, which the London Times says are on a telegraphic note.

Old World peace.

Declaring the framing by the representatives of the conference, he said:

"Their work has been very good, but could have been better if they had taken the trouble to observe the principles of the conference, which were made known to the world at Vienna in 1919."

He said that the conference had been a failure, and that the world was now faced with a new and more serious crisis than ever before.

"There work has been very good, but could have been better if they had taken the trouble to observe the principles of the conference, which were made known to the world at Vienna in 1919."

He said that the conference had been a failure, and that the world was now faced with a new and more serious crisis than ever before.
